

HOG MARKET BARELY STEADY

Receipts Continue Light and Less Than Demand.

TOP PRICE WAS \$5.10

Cattle Receipts Were Light and Market Steady.

Hog receipts were not large enough yesterday to suit the buyers and all the hogs were sold as fast as they arrived. The buyers returned to the yards after supper and after dark and bought what came in on the night trains. Sellers quoted the market as lower but the sales did not show it. In a few cases sales of extra good, well finished hogs may have been a shade lower. It has come to pass in these latter days that hogs may be too good and sell for a less price on account of their fine quality. The packers seem to want more bacon and less lard.

SHIPPERS AND NOTES.

There may come a time in the export by and by when well finished hogs will bring more money than this back hogs. Cudahy sent out two car loads of hogs yesterday for export yesterday. The products of the Wichita packing houses are in demand all over the world. If Dold had bought more hogs two months ago he would not now be compelled to ship customers one-half of the meat they order. Denny and his force of clerks at the joint railroad office in the stock yards are busy as bees. The new switch engine assigned for duty there is proving a great convenience. The Rock Island road is now experimenting with tonnage trains. The officials want to ascertain whether long trains with double headers can be operated cheaper than shorter trains with single engines. Ed Weidline of Augusta consigned two car loads of hogs to this market yesterday that arrived late in the evening, but were sold just the same. WHEAT IS STRONGER

Business in the Grain Pits Was Rather Dull.

CORN AND OATS STEADY

Provisions Sold Fractionally Lower Than Wednesday.

Chicago, Aug. 6.—There was only a moderate amount of business in the grain and provisions pit today, and after a rather nervous session wheat closed strong, September being 46 1/2¢ higher. September corn was unchanged. Oats were up 1/4¢, but provisions were from 2 1/2¢ to 3¢ lower. Wheat ruled rather quiet throughout the day. Opening prices were weak on lower cables and more favorable weather in the northwest. September being a shade to 1/4¢ lower, at 75 1/2¢. The market continued weak the first half of the session on an entire absence of news which could be construed as favorable to the bulls, but toward the noon hour there was fair buying by speculators and the price again recovered. One of the main causes for the advance was the good export demand at the seaboard. Offerings were limited the latter part of the day and this fact contributed to the late strength. Under these influences September sold up to 30¢ and closed at 84 1/2¢, a net gain of 1/4¢. Clearances of wheat and flour were up to 22-40 bushels. Primary receipts were 42,300 bushels, against 50,400 bushels a year ago. Minneapolis and Duluth reported receipts of 117 cars, with local receipts of 117 cars, 2 of contract, made total receipts for the three points of 239 cars, against 191 cars last week and 253 cars a year ago. Trading in corn was comparatively slow, owing to a lack of selling pressure and to a scarcity of outside buying orders. The late strength in wheat helped corn prices and the close was steady, with September unchanged, at 32 1/2¢, after selling between 31 1/2¢ and 32 1/2¢. Local receipts were 39 cars, with 12 contract grade. Oats sympathized somewhat with the early weakness in wheat, but offerings were rather light and prices recovered without much effort. The close was firm, with September 1/4¢ higher, at 34 1/2¢, after ranging between 33 1/2¢ and 34 1/2¢. Local receipts were 12 cars. Provisions ruled weak, with considerable selling by brokers, supposed to be acting for local packers. The hog situation was easier and contributed to the depression. September pork closed 17 1/2¢ lower, at 12 1/2¢; September lard was down 1/4¢, at 17 1/2¢. Estimated receipts for tomorrow: Wheat, 135 cars; corn, 120 cars; oats, 225 cars; hogs, 19,000 head.
